

Your host will be Alicia Duncan - Learn how to paint rocks! FREE class. 7-9pm

Alicia: Join our Stone Art fun and explore different uses of these stones after creating them. They can be used for doorstoppers, paperweights on your desks, or just decorations around the house that delight your families and friends.

I'll bring all types of stones and you can pick your choice of shapes to create your stone projects! Plus some samples and patterns to inspire our creativity. Bring some paint or paint markers for decoration, plus brushes, cups for water, paper towels, and aprons.
