**Artist Statement:** Frank Stangel is an illustrator and painter from the DFW area that primarily focuses on colored pencils, contour, ink, and watercolor. He started drawing at 17 and was completely self taught, until studying art at North Lake College in his 30's. His primary focus is exploring mental health and death positivity in his work, as well as working on portraits and figure. Contour and line work mixed with flat color is the foundation of 90% of his art. He currently lives in the Irving area and works fulltime.
