Greetings Artists,

Time flies so fast it seems. We are rolling along in the new year with brand new ideas like intermediate art classes to encourage our participants of the free basic art classes to explore deeper into their subject of learning and new youth programs specially designed to reach out to one of our communities most precious resources: our children. As the year moves forward, we look

toward our membership to encourage participation and appreciation of artwork. We are happy to have all of you and for the time you dedicate to this organization. We are currently booking the gallery for all dates in 2015, so please be sure to get with me if you would like to exhibit your art work or conduct a workshop with us. As we get closer and closer to the deadline for the Texas & Neighbors Show, it is more important than ever to get your entry submitted online.

If you are having issues submitting your entry online, please feel free to contact Sharon Giles, VET, or myself. We can schedule a time to assist you. I watch the gallery every Sunday from 1pm-4pm so feel free to come by then! For more information on the T&N show, please visit www.irvingart.org and www.texasandneighbors.com
